

Project HVAC IFB 2022-06

ADDENDUM #4

This Addendum contains information on new water heater location and DBE contracting goal.

Part 1# Water Heater Location

-When bidding the alternate for the new water heater, please note that it needs to be turned clockwise 90 degrees upon new installation.

Part # 2 DBE Information including links, contractor lists and District Map

-In the State of IL we are considered District 7. Some of the DBE contractors in the attached list are from District 7 and fall under the categories of: Construction, Maintenance, and Repair. Here is the State of IL link for DBE contractor searches: <https://webapps.dot.illinois.gov/UCP/ExternalSearch>

-Although we are listed as District 7, you may also conduct searches/contact DBE contractors in other Districts. See attached for the IDOT District Map.

-For your information, the DBE goal is located at 49 CFR 26: <https://www.ecfr.gov/current/title-49/subtitle-A/part-26?toc=1>

-I will include the most pertinent highlights below.

§ 26.41 What is the role of the statutory 10 percent goal in this program?

- (a) The statutes authorizing this program provide that, except to the extent the Secretary determines otherwise, not less than 10 percent of the authorized funds are to be expended with DBEs.
- (b) This 10 percent goal is an aspirational goal at the national level, which the Department uses as a tool in evaluating and monitoring DBEs' opportunities to participate in DOT-assisted contracts.
- (c) The national 10 percent goal does not authorize or require recipients to set overall or contract goals at the 10 percent level, or any other particular level, or to take any special administrative steps if their goals are above or below 10 percent.

§ 26.53 What are the good faith efforts procedures recipients follow in situations where there are contract goals?

- (a) When you have established a DBE contract goal, you must award the contract only to a bidder/offeror who makes good faith efforts to meet it. You must determine that a bidder/offeror has made good faith efforts if the bidder/offeror does either of the following things:

(1) Documents that it has obtained enough DBE participation to meet the goal; or

(2) Documents that it made adequate good faith efforts to meet the goal, even though it did not succeed in obtaining enough DBE participation to do so. If the bidder/offeror does document adequate good faith efforts, you must not deny award of the contract on the basis that the bidder/offeror failed to meet the goal. See Appendix A of this part for guidance in determining the adequacy of a bidder/offeror's good faith efforts. Link for Appendix A:

<https://www.ecfr.gov/current/title-49/part-26/appendix-Appendix%20A%20to%20Part%2026>

-If you are interested in learning more about how firms become eligible to certify for DBE status you can find that here: <https://idot.illinois.gov/doing-business/certifications/disadvantaged-business-enterprise-certification/index>

Let us know if you have any other questions.
