2023 Miscellaneous Sanitary and Storm Sewer Improvement Project

This work shall consist of making point repairs in the City's storm and sanitary sewer system at various locations around the City including the installation of new manholes as required. This project will perform a majority of the City's rapid response storm and sanitary sewer system repairs through June 1, 2024, along with any additional storm and sanitary sewer repair work identified by the City. The work also includes pavement removal and restoration along with traffic control, and other items of restoration.
