FOR IMMEDIATE RELEASE

July 19, 2023

Storm Cleanup in Decatur is wrapping up

Decatur, IL – An update on storm cleanup in Decatur and information for residents:

City of Decatur Public Works crews have been all-hands-on-deck removing tree limbs and debris from public streets and rights-of-way since July 10. This special collection will conclude this week on Friday, July 21. Residents and private contractors should not place any more limbs or debris on the curb, except those conforming to normal yard waste pickup guidelines.

Crews will have successfully covered the entire City and will resume normal Public Works duties starting next week. After Friday, July 21, debris pickup will continue at a much slower pace but City crews will collect all debris that is currently on the curb.

Disposal of downed trees and limbs on private property will again be the responsibility of the private property owner moving forward.

For special circumstances, you can call Municipal Services at 217-875-4820 to discuss your options.
