No examination to fill a position classification so added shall be held until the City Council of the City of Decatur or the Decatur Library Board assigns a grade and salary level to the position classification so created.

No person, by himself or in cooperation with any other person or persons, shall submit application information, documents, or records of a false or fraudulent nature. If fraud in a person's application becomes known to the Commission, the Commission may prevent said person from taking the examination, strike said person's name from the register or dismiss said person from the service provided that employees who have completed their probationary period shall have an opportunity to be heard in their own defense prior to the Commission's action. The Commission may, in its own discretion, grant applicants, probationary employees or persons whose names appear on eligible registers a hearing before discharge or removal resulting from fraud in applications.

4. Examinations.

4-1. Age.

The Commission may specify the minimum and maximum age limits for particular examinations in conformance with State Statute where the requirements of the service necessitate.

4-2. Habits and Moral Character.

When the Commission deems it to be in the best interest of the public service, applicants may be disqualified from taking an examination because of their habits or moral character provided no person other than a candidate for the police service shall be disqualified because of an arrest record or because of a misdemeanor conviction record for misdemeanors other than those which by State law may be used to disqualify people from consideration for civil service positions.

4-3. Designation of Examinations.

Upon recommendation of the City staff and where applicable the City Librarian, the Commission shall determine whether an examination shall be open to all persons meeting the other requirements of these rules or whether it shall be open only to employees presently in the classified service or open only to those employees in a specific position classification with the classified service. Examinations open to all persons meeting the other requirements of these rules shall be designated original entrance examinations. Other examinations shall be designated either lateral transfer or promotional examinations. Where it is practical, vacancies shall be filled by promotion based on competitive examination among such members of the next lower rank in the promotional chain as desired to submit to examination.

4-4. General Scope.

Examinations given by the Commission shall be practical in their character and shall relate to those matters which will fairly test the relative capacity of the persons examined to perform the duties of the positions to which they seek to be appointed. No person otherwise meeting the requirements of these rules shall be prevented from taking any examination given by the Commission solely because of that person's race, color, sex, religion, national origin or physical or mental disability or infirmity.

4-5. Format.

Examinations shall be prepared and administered under the direction and supervision of the Chief Examiner appointed by the Commission in cooperation with the Human Resources Department of the City of Decatur. Examinations may take the form of written tests, oral interviews, hands-on testing or physical or medical examinations or they may consist of sections each of which is in one of the forms mentioned herein. Promotional examinations may also include a performance evaluation section.

4-6. Rating of Examination.

The Commission shall determine a weight to be given to each section of an examination. Before the examination, the Commission shall establish minimum passing scores for each section of the examination and by using the relative weights of each section, the examination as a whole. The Commission, in establishing the minimum passing score for each section shall not consider or have available to them the names or respective scores of particular applicants. The final average of each applicant shall be expressed on a scale of one hundred (100) and the applicant shall be rank ordered according to their final average and the examination register so obtained shall be posted with the Secretary of the Commission. When applicable, applicants may request military and other preference points to be added to their final average.

4-7. Notice of Results of Examination.

Each applicant will be notified by the Secretary of the Commission by email within fifteen (15) days from the date of the examination of the results he obtained on the examination and if he received the minimum general average required to pass. For promotional registers, an applicant will also be informed of his position on the register. If he fails to obtain the minimum general average required, his notice shall read to that effect.

4-8. Review of Examination Papers.

Candidates may, with permission of the Commission, inspect their written examination papers in the office of the Secretary during the business hours of the Secretary. Written applications to the Commission for such permission shall be filed with the Secretary within one (1) month after notification of results. Examination papers shall not be available to the general public. If an error is found in an examination or the scoring thereof, the Secretary shall notify the Commission thereof. The Commission may take appropriate action with regard thereto.

4-9. Fraud in Examination.

Any person who shall at any examination or in any document signed or furnished by him for or in conjunction with any examination by himself or in cooperation with one or more persons make any false representation regarding himself or any of the applicants or by impersonating anybody else or by allowing anybody else to impersonate him, or who uses or aids somebody else in using any information surreptitiously obtained, or who uses or aids somebody else in using any memoranda, printed or written, whereby an advantage is obtained over other competitors at such examination, shall upon such finding of the Commission, after having had a chance to be heard in his own defense, have his name stricken from any eligible list upon which it may appear, or if such finding is made subsequent to appointment he shall be dismissed from the service of the City of Decatur, Illinois, upon hearing by the Civil Service Commission.

4-10. Promotional Examinations.

Promotional examinations may be designated as either closed or open promotional examinations by the Commission. Closed promotional examinations are those open only to persons in specified classifications, as determined by the Commission, and who meet the other requirements of these rules. Open promotional examinations are those open to all persons in the classified service who meet the other requirements of these rules. The Commission from time to time may approve or establish minimum qualifications for promotional examinations including experience, length of service, training, education, certification, licensing or other qualifying factors. Those minimum qualifications approved or established by the Commission in its minutes or set forth in the announcement of examination approved or prescribed by the Commission are the qualifications to be applied in determining eligibility for examination.

5. Compilation of Registers.

5-1. Eligible Registers.

In all examinations designated original entrance examinations, the Secretary of the Commission shall compile and submit to the Commission an eligible register of those persons whose general average on the examination is above the minimum established by the Commission. Names shall be entered upon the eligible register in the order of their general average, that is, in the order they appear on the examination register except as modified where applicable by Rule 5-4 A. The Commission shall receive the register and upon its receipt it shall become effective.

5-2. Promotional Registers.

In examinations designated promotional examinations, the Secretary of the Commission shall compile a promotional register of those persons whose general average on the examination is above the minimum established by the Commission. Names shall be entered upon the promotional register in the order of their general average, that is, in the order that they appear on the examination register except as modified where applicable by Rule 5-4 B and 5-5.

5-3. Lateral Transfer Registers.

A lateral transfer register shall be established for external applicants who are applying for a Police Patrol Officer position and are already certified as a full-time police officer in Illinois or another state. In examinations designated lateral transfer examinations, the Secretary of the Commission shall compile and submit to the commission a lateral transfer register of those persons whose general average on the examination is above the minimum established by the Commission. Names shall be entered upon the lateral transfer register in the order of their general average, that is, in the order that they appear on the examination register except as modified where applicable by Rule 5-5A. The commission shall receive the register, and upon its receipt, it shall become effective.

5-4. Reinstatement Registers.

A. A reinstatement register shall be established for any position classification in which:

1. An employee has been reduced in rank, removed from the classified service or furloughed without pay because of a reduction in the force or the abolition or displacement of a position;
2. An employee on a leave from the classified service makes written application to the Secretary of the Commission for reinstatement; or
3. An employee who has resigned from the classified service makes written application for reinstatement, provided, however, said application must be made to the Commission within thirty (30) days from the resignation, except that a Police Patrol Officer or Fire Fighter may make his or her application three hundred and sixty-five days (1 Year) from the resignation. All applicants must have left in good standing and must successfully pass a background check, drug screen, physical and psychological examination. The new employee will be treated the same as a new hire in regards to pay and seniority. All applications for reinstatement must be with the consent of the City Manager or City Librarian.

B. On the reinstatement register the group of employees or any employee reduced in rank, removed from the classified service, or furloughed without pay shall rank above the group of people or any person seeking reinstatement after a leave of absence from the classified service and both of these groups shall rank above those seeking reinstatement after resignation. Among a particular group of people seeking reinstatement for the same reason, order on the reinstatement register shall be determined on the basis of seniority.

5-5. Military Preference.

A. Original Entrance and Lateral Transfer Examinations. A person taking an examination designated by the Commission as an original entrance examination or lateral transfer examination who qualifies under the applicable provisions of the Statutes of the

State of Illinois for a military preference shall have five (5) points added to his final general average provided that his unadjusted average is above the minimum general average set by the Commission and provided further that the examinee submit to the Secretary of the Commission before the compilation of an eligible register or lateral transfer register, proof of military service in a form acceptable to the Commission and a letter requesting that the military preference be applied.

B. Promotional Examinations. A person taking an examination designated by the Commission as a promotional examination who qualifies under the applicable provisions of the Statutes of the State of Illinois for a military preference, in order to receive such preference shall, after the compilation of the examination register for the position and before any certification followed by appointment is made from the promotional register so established, request in writing that the Commission grant such preference and shall at the same time submit proof of military service in such form as shall be acceptable to the Commission. Unless request and proof is made in the time and manner provided herein, preference shall not be accorded by the Commission. No person shall receive such preference for promotional appointment after he has received one promotion from a promotional register on which he was allowed such preference. If the name of a person entitled to military preference concurrently appears on more than one promotional register, said person may request in the time and manner provided herein, preference for military or naval service as to each such register, but if said person receives a promotion from any one of such registers on which such preference was allowed, the other registers shall be adjusted to put the name of said person in the position thereon to which it would have been assigned without allowance of such preference.

5-6. Seniority Preference.

Employees in the classified service who achieve an average higher than the average established by the Commission on a promotional examination shall be entitled to a seniority preference for actual continuous service in the employment of the City or Library at the rate of .25 of a point for each year of continuous service. A maximum of five (5) points will be allowed for seniority. If there is a provision in the respective collective bargaining agreement for seniority preference that is different from that stated in the Civil Service Rules, the seniority provisions in the collective bargaining agreement prevail. No seniority preference shall be given to City or Library employees taking original entrance examinations.

5-7. Removal from Eligible and Lateral Transfer Registers.

The name of a person employed by the City of Decatur or Decatur Public Library in a temporary, seasonal, or other unclassified position who performs unsatisfactorily in such unclassified position, upon recommendation from the appointing authority, may be removed from a then existing eligibility register by the Commission after notice to said person and an opportunity to be heard with regard thereto.

6. Requisition and Certification.

6-1. Order of Registers.

Whenever a vacancy in the classified service is to be filled, other than by a temporary allocation of duty, no certification shall be made from an eligible, lateral transfer or promotional register until every person on the reinstatement register has either been appointed or has been offered appointment and rejected it.

6-2. From a Reinstatement Register.

Whenever a vacancy in the classified service is to be filled from a reinstatement register, the appointing officer shall make a requisition upon a form prescribed by the Commission for the certification to him of the name of a person to fill the position. The appointing officer shall notify the Commission of each position to be filled separately. Upon receipt of a requisition, the Secretary of the Commission shall attempt to contact by phone and/or email, the person standing highest on the register to ascertain whether he will accept appointment. Any person who cannot be contacted within five (5) days shall be considered to have rejected appointment.

If any person rejects appointment, the next person on the reinstatement register shall be contacted and so on down the list until a person indicates that he will accept appointment. When a person indicates that he will accept appointment his name shall be certified to the Department Head and the appointment shall be made by the Department Head in accordance with the Personnel Rules of the City or where applicable, the Personnel Rules of the Decatur Public Library.

Notwithstanding the above provisions, whenever the force of the classified police or fire service is reduced and positions displaced or abolished or whenever positions so displaced or abolished are reinstated, the procedure for displacing or abolishing positions, the method for placing the names of the employees involved on reinstatement registers, and the way certifications and appointments are made therefrom shall be in strict compliance with the statutory procedure provided.

6-3. From an Eligible Register or a Lateral Transfer Register.

Whenever a vacancy in the classified service is to be filled from an eligible register or a lateral transfer register (rather than from a reinstatement register, a promotional register or by a temporary allocation of duty) the appointing officer shall make a requisition upon a form prescribed by the Commission for the certification to him of the names of eligible candidates. The appointing officer shall notify the Commission of each position to be filled separately.

All names shall be provided to the appointing officer. The appointing officer shall have the authority to appoint any candidate on the eligible register or lateral transfer register without regard to the rank of said person on the register. Further, the appointing officer shall have the authority to appoint a candidate from either the eligible register or the lateral transfer register.

Upon receipt of a requisition, the Secretary of the Commission shall attempt to contact by phone and/or email, the person selected by the appointing officer to ascertain whether he will accept appointment or desires to waive it. Any person who cannot be contacted within five (5) days shall be considered to have rejected appointment.

If any person rejects an appointment the appointing officer shall be so notified and given the names of all the remaining candidates on the register. The appointing officer shall select the individual candidate for the position, and shall requisition the Secretary of the Commission to make an appointment. These steps shall be repeated until a person indicates that he will accept appointment. When a person indicates that he will accept appointment, his name shall be certified to the Department Head or City Librarian and the appointment shall be made by the Department Head or City Librarian in accordance with the Personnel Rules of the City or of the Library.

6-4. From a Promotional Register.

Whenever a vacancy in the classified service is to be filled from a promotional register, the appointing officer shall make a requisition upon a form prescribed by the Commission for the certification to him of the names of those eligible for appointment. The appointing officer shall notify the Secretary of the Commission of each position to be filled separately. Upon receipt of a requisition the Secretary shall certify the names of the three (3) people standing highest on the promotional register provided, however, that no person shall be certified from a promotional register who is not at that time in the classified service. The Department Head or City Librarian shall make the appointment in accordance with the Personnel Rules of the City or of the Library. In making his selection, the Department Head or City Librarian shall not pass over the person having the highest rating on the original register, that is, the person ranking No. 1 on the promotional register as it appeared before any certifications or appointments were made from it, more than once and shall not pass over the person having the second rating on the original register more than twice.

6-5. Removal from Registers and Expiration of Registers.

If any person declines a tendered appointment from a register whether on original entry, lateral transfer, or promotional or otherwise, such person shall be removed from the register. Upon the exhaustion of any register by certification for appointment, or removal, of all names thereon, the register expires. All registers with the exception of that for Police Patrol Officer (eligible and lateral transfer) shall expire without further action upon the passage of two (2) years subsequent to the establishment thereof, provided that the Commission may on motion within said period extend a register beyond said two-year period. All registers for Police Patrol Officer (eligible and lateral transfer) shall expire without further action upon the passage of six (6) months subsequent to the establishment thereof, provided that the Commission may on motion within said period extend a register beyond said six-month period. The Commission may remove from any register for cause the same as for suspension in excess of five (5) days.

7. Probation.

7-1. Upon Appointment from an Eligible Register or a Lateral Transfer Register.

Any person appointed from an eligible register or a lateral transfer register shall be on probation according to the following schedule:

Police Patrol Officer (including Lateral Transfer)	18 months
Fire Fighter	12 months
Housing Rehabilitation Specialist	12 months
Neighborhood Services Officer	12 months
Permit Technician	12 months
Plan Examiner	12 months
All Other Classifications	6 months

At or before the expiration of the probationary period, the Head of the Department in which said person is employed may, by and with consent of the Commission, discharge him upon assigning in writing his reasons therefore. At the expiration of the probationary period the appointment of any employee not so discharged shall be deemed complete, provided however, the probationary period of a person in the police or fire service shall not end nor the appointment of any such person be deemed complete until said person has successfully completed all training required by the City under the Police Training Act or the Fire Protection

Training Act for his/her respective position. Failure to successfully complete said required training is sufficient reason for, and cause to, discharge a probationary employee.

7-2. Upon Appointment from a Promotional Register.

Any person appointed from a promotional register shall be on probation for a period of six (6) months.
