Unveiling of Staley signs at Lake Decatur – April 29

Decatur, IL – The City of Decatur and our partners would like to invite media to a sign unveiling ceremony on Monday, April 29, near the Devon Amphitheater at Lake Decatur starting at 1:00 p.m.

The Staley family will be in attendance as we unveil an informational sign honoring A.E. Staley, Sr.'s contribution to the creation of Lake Decatur. A second sign commemorating the former Staley Pump House will also be revealed. The two signs were designed by the Staley Museum and City of Decatur. The Staley sign is permanently installed along the shore of Lake Decatur just south of the Devon Amphitheater parking lot. The Pump House sign will be installed at a later time, close to where the Pump House once stood.

Please consider joining Mayor Julie Moore Wolfe & members of the Decatur City Council, the Staley Family, the Staley Museum, and other partners at this event. We will proceed rain or shine, with a tent in place should it rain.
